Dear Student,

1. Dress code is as per college rules although formal dress code is welcome.
2. A general format of the file has already been shared with the class. Your summer training/ project report is based on that format.
3. Chart/ poster can be printed. You are welcome to use flex printing also.
- 4 & 6. Marks can be sent through official mail ID of either mentor of HR or any competing authority. Only official domain email ID is allowed. Its should be signed and stamped.
7. Attached marks format will work.

5. For this point, I will revert after discussion in the department.

Respected sir

Sir students of our batch have few queries regarding the final evaluation and request to seek clarification on certain points.

Sir please find the below queries raised by students :-

1. Is there any recommended dress code for the presentation session?
2. Format of File to be followed.
3. Chart or Poster can be printed or not?
4. Sir the company email I'd sent is the email of the evaluator or any managing authority ?
5. Due to NDA agreements with certain companies, some students are concerned about displaying code snippets during the presentation. So sir could you provide guidance on how to handle this situation?
6. Mail of marks must be mailed from HR or email from the evaluator also works.
7. And sir if you can please confirm that the below format of the mark submission by the company is correct ?

Additionally, sir students have expressed a collective request for the possibility of arranging a common batch photograph after the viva.

Thanking you
Harshit Dubey
